Okay, thank you A.J.! We'll just keep chipping away at it! It's taking me a while because I keep getting pulled in every direction. I also asked Dave Rectenwald to take a look at it as well since he's our technical expert.

I'm happy to meet to discuss any of the comments that you may have as well.

Thank you for all of your help!

Kevin

Kevin:

Thanks. I downloaded your draft responses from the Share Drive yesterday and am beginning to make and save proposed edits and comments (saved on my F drive) in my spare time – ha !

As you so correctly stated during our last call, it is a bit of a slog . . . and it may take me a little while to get through the 20 draft responses you have thus far (especially since I am off on Friday).

But I'll keep plugging away with edits/comments and, as get through more than a hand full, I'll begin to send you those proposed edits and comments in chunks – a small group at a time.

We can further discuss them when you feel that there's enough of a critical mass to fill a half hour or so Teams call !

Oh what fun !

Sincerely,

A.J. D'Angelo

Rowsey, Kevin shared a file with you

Hi A.J.,

Here is my rough draft of our Response to Comments for Seneca Nation. Some days I make a lot of progress on this and some days I get dragged to other things but any help you can provide would be much appreciated!
